

NOTICE TO ALL PROPERTY PRACTITIONERS REGARDING THE DEVELOPMENT OF PPRA IT SYSTEMS

We regret to advise that due to our IT system undergoing development, we are currently unable to perform the following functions:

- i. Employment changes,
- ii. Issuing of FFCs for 2025.

Our IT development team is working around the clock to complete the development, and we are hopeful that we will be restored to capacity within the next 7 working days.

We continue to process applications but the issuing of these FFCs will be delayed.

We apologise for the inconvenience and ask that you bear with us as we undergo the critical IT development in order to improve our internal systems to serve all industries better.

Property Practitioners Regulatory Authority.
